

**MPS PARENT-TEACHER ASSOCIATION**

3rd February 2021

Dear Parents,

Re: Virtual Fun Time with Parents

The PTA promotes partnership between parents and teachers to foster a caring and supportive learning environment for MPS. In the past, PTA arranged “Fun Time with Parents”, a playful and relaxing face-to-face morning activity for parents to connect with students before class.

Due to school suspension, we will change the format by going virtual this year. We invite **parents to make short videos to share your experience or knowledge on interesting topics**, such as:

- homemade craft (e.g. drawing, paper-folding, making simple snacks)
- home festive decoration
- story-telling
- book recommendation
- simple home exercise
- musical instrument performance
- travel experience, etc.

You are also welcome to make videos with your daughter. For children, this can be a great educational experience and also full of fun. Each video should be ***no more than 10 minutes***.

If you are interested, please send your video to fun@mps.edu.hk by email between now and **19 February 2021**. All videos will be reviewed by the school. Once approved, the video will then be published on the MPS Home Learning Site between March and June 2021.

We look forward to the videos shared by you and your daughters in the near future. Please participate and don't miss this wonderful opportunity!

God Bless.

Sincerely yours,

Ms. Dora Lee

Chairperson

MPS-PTA 2020-2021
